Hello!

Creative thinker with a background in Business Administration and a passion for UI/UX and graphic design. I've worked on real-world projects in UI design, character illustration, and visual storytelling, with experience in both graphic design (6 months) and UI/UX (3 months). Currently preparing for a Master's in UI/UX Design in Ireland to expand my global design skills.

Working Experience

UI UX Designing Internship

Maestro Intellect | Jan – Mar 2025

- >Worked on a team of 3 to design a website UI for Rajasthani Handmade Toys.
- >Created low- and high-fidelity wireframes and an interactive prototype using Figma, guided by a senior UX designer.
- >Designed custom icons, graphics, and visual elements using Adobe Photoshop and Illustrator to bring the brand to life.

Graphic Designing Internship

PIIDM | Dec 2024 – Jun 2025

Performed color grading and correction to enhance visual tone and storytelling quality.

Created informative reels using camera tracking, motion graphics, and 3D elements for high-impact visuals.

Worked with Adobe Creative Cloud (Photoshop, Illustrator, InDesign) and CorelDRAW for digital & print branding materials.

Designed assets for social media, marketing campaigns, and brand collateral across multiple platforms. Contributed to media consistency, visual identity, and cross-platform creative strategy.
